Upon receiving this information, the details of your event and musician requests will be entered into the Hire A Musician database. When AMFS student schedules have been set (**up to a week away from your event**), you will be put in contact directly with the primary ensemble contact to discuss further details. Assigning musicians earlier than a week in advance is usually not possible, as the AMFS student schedules are processed weekly. If you have changes or requests to add to your event before musician matching occurs, please communicate those to hireamusician@aspenmusic.org during this waiting period.

Students attending the Aspen Music Festival and School have passed some of the most exclusive acceptance criteria in the world and are experts in their field. Students form groups while at the AMFS, which are of the highest quality. *Due to the group formation process, it is not often possible to provide a demo or video example of a specific group.*

Once booked and put in contact with the musicians for your event, please confirm event details and contact information directly with the primary ensemble contact via email. At the completion of the event, you will be asked to sign a booking form confirming the musicians' hours. Students return this form to the Hire A Musician office for payment processing. On this booking form, you can consent to an extension of hours if you wish to engage the musicians for longer than the original agreement.
